

Why Fords are Stronger

Do you wonder why a Ford can stand such tremendous strain and treatment? If you would look closely to the construction you would see why they are so dependable and durable. Before you buy get under the hood and UNDER THE CAR; compare. Looking under the front end you will note in addition to the frame connection, two strong radius rods running from the outside of the front axle to the middle of the crank case; at the rear under the car you will see two rear radius rods from the outside of the rear axle to the middle of the drive shaft housing—these, in addition to the strong frame connection with the body. These "braces" we will call them, form a rigidity of frame construction in excess of that generally used in cars weighing around 2500 or 2600, and when you know that the Ford weighs but 1500 pounds, you can readily see why it is a Ford can stand more "grief" than any car yet produced. Price \$360.00 F. O. B. Detroit.

for your Building
Hardware Needs

WE are quite fortunate in having quite a lot of this class of goods which were bought before all of the recent advances took place.

Among other items that we have is 2,000 feet of assorted **Barn Door Track** that we can offer you at a much less price than if bought on today's market.

This stock includes the common $\frac{3}{8}$ -in. track, the $1\frac{1}{4}$ -in. swing out hanger track and the storm proof track.

We have several dozen pairs of hangers that are priced from 10c to 25c per pair under what would have to be got if bought today.

Special Paint Prices

Barn Red Paint, per gal.\$1.00
" Yellow " " " 1.50
Asphalt Roof Paint " 75c
Above prices subject to stock on hand.

A Good Word From Wisconsin

The following letter from Rev. E. Jesse Harris, of Florence, Wisconsin, speaks for itself:

"Please send me your lowest price for your flour, the Lily White. Will take at least two barrels, possibly three.

"You certainly have the best flour we've ever used."

This is indisputable evidence of the high quality of Lily White Flour, but better still your dealer is instructed to sell

Lily White

"The Flour the Best Cooks Use"

under the guarantee to return your money if you do not like it as well or better for both bread and pastry baking than any flour you ever used.

We mean just what this guarantee says. Furthermore, our reputation and resources are behind every sack and every ounce of Lily White Flour.

Lily White is probably the best family flour made, and we want you to try it. You will wonder why you didn't begin using it sooner.

Packed in 5 lb., 10 lb., 24½ lb., 49 lb. and 98 lb. sacks.
